

Annamalai University

Annamalai University, accredited with 'A+' Grade by NAAC in 2022, is one of India's largest public residential university with 10 Faculties (Arts, Science, Marine Science, Indian Languages, Engineering and technology, Education, Fine Arts, Agriculture, Medicine and Dentistry) and 49 departments of study. Sprawling 1000 acres of land, the University does yeoman services in taking education to doorstep of the people who are otherwise far from access to the center of higher learning. The University has initiated several innovative teaching programmes over the year and has been a Pioneer in distance education. The University has attained Affiliation status in 2021 and consequently the colleges situated in the districts of Villupuram, Cuddalore, Kallakurichi and Mayiladuthurai have presently been affiliated to Annamalai University.

DSDE

The Directorate of Skill development & Entrepreneurship offers the following courses BBA (Logistics), B.Voc(HIM) and BVoc (AOP). The courses are designed with a skill component and is focussed to match education with the industry requirements to offer student matching to the need of the Industry. Students of BBA have an assurance for placement provided by LSC.

The Directorate also offers a 30 day skill training program through UNNATI Foundation to students ranging from tenth standard drop out up to those who have completed their postgraduation with assured job placement. The Directorate provides training and NSDC Certificate across different skill sets for PAP (project Affected) candidates of NLCIL.

RGNIYD

The Rajiv Gandhi National Institute of Youth Development (RGNIYD) seeks to educate the nation through skill-based, professional, and job-driven academic programmes. The Ministry of Youth Affairs and Sports' Institution of National Importance, RGNIYD, aims to be India's youth development centre of excellence.

Objective of the Programme

This program will offer an opportunity to students to better understand themselves, strengthen and continue their own capabilities to set and realize their development objectives over time.

- Train Students on Leadership, Motivation, Conflict Handling, Team Building and Creativity
- Improve the self-confidence of students by teaching techniques of problem handling
- Help Students develop broad based career planning through an understanding of their skill set
- Aid the mental transition of students from campus life to work place

This capacity building programme is focused on training 100 University students from different faculties. Theoretical, activity-based, and presentation sessions are planned. Direct feedback and activity session analysis help youths to evaluate their experiences and change. Students learn by interacting with and listening to their teammates.
